Professional Wood Restoration

Location: Northwest

The Company is a touch-up specialist, making Furniture, Cabinets, Floors and Woodwork look like new, without stripping the finish. They repair several different types of damages in residential and commercial settings, including scratches, dents, chips, gouges, burns, water marks, pet damages, and much more.

Work is performed onsite omitting the need to move the furniture which saves both time and money.

Maintenance Programs are available on a monthly, bimonthly, quarterly or biyearly basis. These programs are available for high traffic areas that call for regular maintenance such as elevators, lobbies and common area doors (such as bathroom, electrical, phone/IT and stairwell doors).

The Company maintains all wood materials along with ornate hardwoods veneers and paneling. Specializations include: floors, tables, furniture, wall panels, cabinetry, ceiling moldings, base boards as well as stair case rails.
